# Download the Webex Meetings App from an iPhone
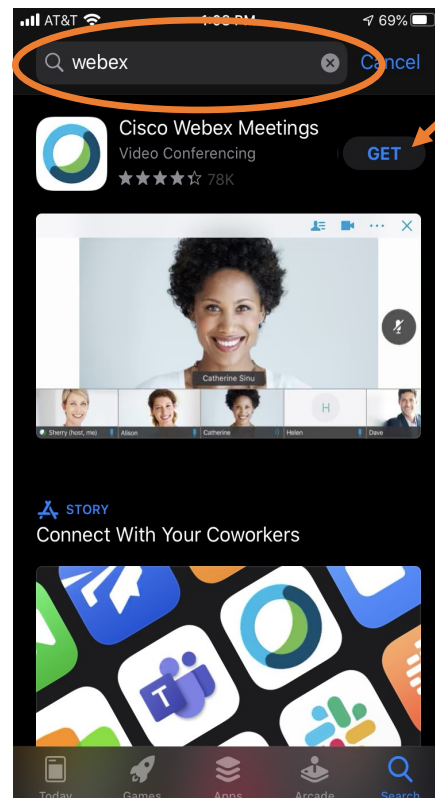

If you have never joined a Webex meeting before, you will need to download the Webex Meetings app from the app store.

1. Find the **App Store icon** in your phone. Tap it to open.

2. Search for "webex" in the search bar at the top of the screen. Find Cisco Webex Meetings and tap **GET**.
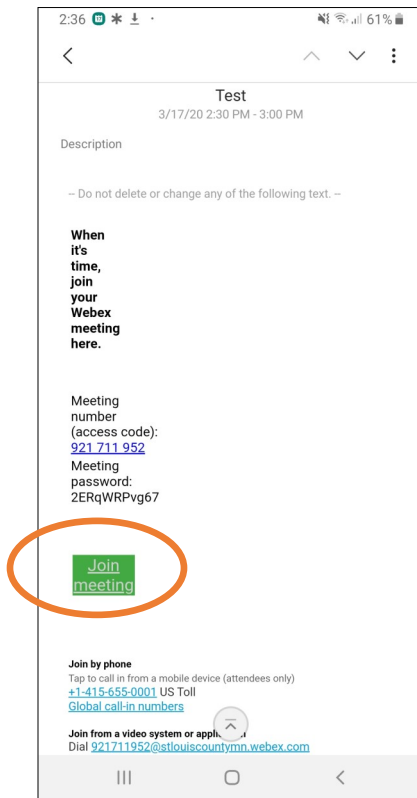

(You may need to know your iTunes password to download the app)

Join a Webex Meeting from an iPhone

If you have email on your phone:

The person you are meeting with will send you an email. Open the email and click on the link.
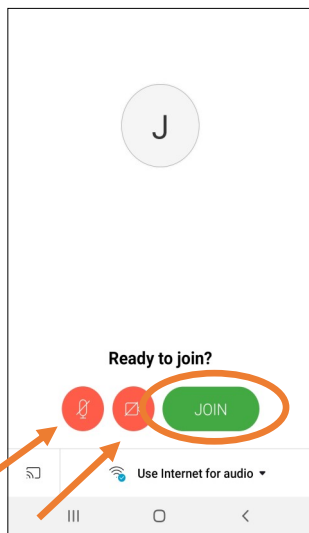

If you are asked how you want to open it, choose the Webex Meetings app.

2. Tap the microphone and video icons to turn them from red to black.

Red is muted, black is not muted

3. Tap the green **Join** button.

## *If you have do not have email on your phone:*

The person you are meeting with will give you a meeting number and a password.

1. Find the WebEx icon in your phone. It will look like this.

Tap on the icon to open it.

2. Tap the green **Join Meeting** button.

3. Enter your meeting number.
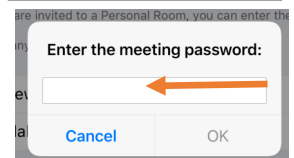

4. Enter your name and email address. Then click **Join** in the upper right corner.
If you do not have an email address, **type name@gmail.com**
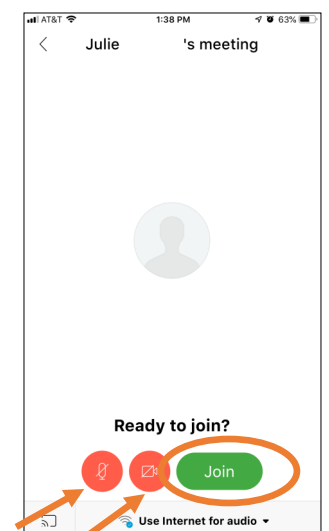

5. Enter the meeting password and click **OK.**
Capital and lowercase do matter in the password.

6. Tap the microphone and video icons to turn them from red to black.

Red is muted, black is not muted

7. Tap the green **Join** button.

Navigate a Webex Meeting from an iPhone

Tapping this will show you a list of people in the meeting.

This will show the person you are meeting with.

This is you!

Tap this icon to exit and end the meeting.

Tap this icon to turn your microphone on or off. If the circle is red, it is off. If the circle is black, it is on.

Tap this icon to turn your video on or off. If the circle is red, it is off. If the circle is black, it is on.

Tap this icon for more options (you should be able to do a video meeting without using this icon at all.)
